

Junior Award Scheme 2008

Congratulations to all the young archers who took part in the scheme this year. Whether you score thousands of points, or only double figures, this does represent all the ups and downs of a year of archery, of dedication and commitment. (Please note, there might be a slight discrepancy between the results as given here and the placing shown on your certificate – this is because I had missed two entrants out of the list, and only discovered this after the certificates had been printed. Mea Culpa!)
